Sir:

The present application was filed on February 15, 2005, and the statutory filing fee was paid for a small entity. Small entity status was properly established.

A notice of allowance was mailed and the issue fee for a small entity status was indicated on the printed form in the amount of \$1055 (\$755+\$300) and this amount was timely paid on February 20, 2009 by the undersigned attorney. This amount was paid in good faith based on the amount on the form and the believe that small entity status applied to this application.

The undersigned attorney was advised by Applicants' UK attorney on April 22, 2009, that large entity status applied to this application. Upon further review of the file, the undersigned attorney had been advised at the time of receiving instructions from the UK attorney to pay the combined fees, that small entity status no longer applied and that the notice of allowance fee for a large entity needed to be paid. Item 5 on part B of the fee(s) was mistakenly not checked and the USPTO not advised that small entity

Patent No.: 7,514,454
Request for Status Correction

status no longer applied to this application by error in the office of the undersigned attorney. The correct amount for the combined fee is \$1810 (\$1510+\$300). The difference in the amount paid is \$755 and a check in this amount is submitted herewith for the remainder due of the post allowance fees for a large entity.

This is the only fee which was incorrectly paid.

Accordingly, it is most respectfully requested that the status of the application be corrected in the USPTO data base and the correct status of the applicant as a large entity be reflected therein.

Respectfully submitted,

BACON & THOMAS, PLLC
